

Degrees of Freedom for the Student's 't' Distribution

For a sample of size 20, state the degrees of freedom

V = _____

For a sample of size 5, state the degrees of freedom

V = _____

For a sample of size 8, state the degrees of freedom

V = _____

For a sample of size 16, state the degrees of freedom

V = _____

For a sample of size 29, state the degrees of freedom

V = _____

For a sample of size 22, state the degrees of freedom

V = _____

For a sample of size 11, state the degrees of freedom

V = _____

For a sample of size 14, state the degrees of freedom

V = _____

For a sample of size 26, state the degrees of freedom

V = _____

For a sample of size 7, state the degrees of freedom

V = _____

For a sample of size 10, state the degrees of freedom

V = _____

For a sample of size 17, state the degrees of freedom

V = _____

For a sample of size 19, state the degrees of freedom

V = _____

For a sample of size 23, state the degrees of freedom

V = _____
